SOME CONCISE INFORMATION TO AID THE PHYSICIANS TO COMPLY WITH THE STATE AND FEDERAL CONTROLLED SUBSTANCE ACT

The requirements for a valid Controlled Substance are as follows:

1. The prescription must be dated and signed on the day that it is issued.
2. A prescription must bear the full name and address of the patient and the name, address and registry number of the practitioner who writes the prescription.
3. The prescription must be signed by the practitioner for all Controlled Substances although the body of the prescription may be written by his nurse or assistant.
4. Prescriptions must be written in ink, indelible pencil or typewritten.

It is illegal for physicians to phone in Controlled Substances in Schedule II. Schedules 3, 4 and 5 may be phoned into the pharmacist.

DO'S

Renew DEA (formerly BNDD) registration annually.

Order all Controlled Substances on official order forms.

Keep an accurate record of all controlled substances dispensed.

DON'TS

Prescribe Controlled Substance for a patient you have not examined.

Prescribe for large quantities of Controlled Substances.

Leave signed prescription blanks for nurse/assistant to physician to fill in.

Postdate Controlled Substance prescriptions.

Be careless with your prescription blanks.

Carry large amounts of Controlled Substances in your bag.

Ever take a Controlled Substance unless prescribed by another physician.

Controlled Substance addicts are very clever in faking disease, give very pitiful stories, steal blanks, forge signatures, raise amounts on legal prescriptions, and do many other things to obtain controlled substances.

A copy of the North Carolina Controlled Substance Act can be obtained by writing to the North Carolina Drug Authority, 222 North Person Street, Raleigh, North Carolina 27601.
